

Education

B.A. Computer Science	Rutgers University	2014–2018
-----------------------	--------------------	-----------

Work Experience

Software Engineer	Open Source (github.com)	2025–Present
Developing and maintaining open source utilities, mainly for the Nix ecosystem.		

Mid-Level Software Engineer	Squarespace	2019–2021
Helped develop a new Content Management System and contributed to several other back-end services such as the social accounts integration, website analytics platform, search platform, etc.		

Software Engineering Intern	Meta (Facebook)	Summer 2018
Developed a web application to automate the onboarding of other teams onto the message/notification delivery platform for Messenger.		

Data Engineering Intern	Pinterest	Summer 2017
Saved developers time by making a web application to automate data pipeline setup for new Kafka topics.		

ML Research Assistant	Rutgers University	2017–2018
Developed SVM classifiers for detecting road types based on the type of traffic that they receive.		

Teaching Assistant	Rutgers University	2016–2017
Led five classes of 15 students each in Introduction to Computer Science. Conducted workshops, provided tutoring, assisted with debugging, and graded assignments.		

HackNY Fellow / SWE Intern	HackNY / Skillshare	Summer 2016
Worked across the front-end and back-end to add new features to the site.		

Skills

Areas	Full-Stack Web Development, Web APIs, CLIs, DevOps
Technologies	Spring, Flask, React, Nix, MongoDB, Elasticsearch
Languages	Python, JavaScript, Java, HTML, CSS, Bash, C, PHP, Hack
Other	Mentorship, Conducting Interviews
